COMMENTAIRE	
APPROBATION*	

Description

LOCTITE® SF 7031 is a clear, colorless, solvent-based cleaning treatment for all surfaces to be bonded with LOCTITE cyanoacrylate adhesives. It neutralizes surfaces which might inhibit the cure speed of the adhesive. LOCTITE 7031 is applied after other treatments. Typical applications include cleaning of plated parts, surfaces contaminated with residue and parts soiled by handling.

Avantages

Recommended as a final preassembly cleaning treatment for all surfaces to be bonded with LOCTITE cyanoacrylate adhesives. May be used to remove organic contaminants. Solvent-based. Can be used as an alternative to QUICK CLEAN 703.

Caractéristiques

Clear, colorless, solvent-based cleaning treatment for all surfaces to be bonded with LOCTITE cyanoacrylate adhesives.
